As the sun of life sinks toward the west

As the sun of life sinks toward the west. Life has been said to consist of a constant succession of breakdowns and repairs.

In old age, the former predominate. The body machine is more or less worn out. Digestion is less perfect, elimination of waste is increased in quantity, but reduced in efficiency.

Hence, constipation is particularly pernicious. Constipation means more than mere failure of the bowels to move regularly and thoroughly.

This is always serious—in old age it is especially dangerous. Constipation cannot be cured by drugs at any age.

It is especially harmful to an aged person to use pills, salts, and similar strong purges in order to force the bowels to act.

But the Nujol Treatment for Constipation is not only safe, it is in every way efficient. Nujol is not a drug, does not act like any drug.

Nujol helps nature to re-establish easy, soft, thorough bowel evacuation—as "regular as clock-work."

Nujol softens and keeps properly moist the intestinal waste. Nujol makes it easy for the intestinal muscles to act, and prevents them from overwork.

Nujol absorbs poisons and carries them out of the body. Get Nujol from your druggist and take it according to directions.

Warning: NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

INDIVIDUAL NEEDS MUST DETERMINE COAL USAGE

The question uppermost in the minds of many domestic consumers of coal as to whether or not there is a regulation in force...

We have not established a definite date, he said, for the reason that living conditions in each family differ so materially and conditions of health or illness are so vital.

In issuing a warning to the public recently and in outlining frankly my expectations for the winter I have done all that seems necessary at the present time.

DISCOVERY OF PHOSPHATE THAT INCREASES STRENGTH AND VIGOR

Nothing Like Bipro-Phosphate to Increase Strength, Vigor and Nerve Force—says Editor of "Physicians' Who's Who."

New York—The discovery of an organic phosphate which when taken into the human system is quickly converted into healthy nerve tissue is reported by the following:

lack of energy, nervous debility, etc. An example of how this remarkable substance increases strength and vigor is given in the following report of a New York hospital physician's report of a patient whose red cells after a short course of Bipro-Phosphate increased from 480,000 to 5,000,000.

Joseph D. Harrigan, former visiting specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic or run-down take a natural unadulterated strength and tissue-building substance such as Bipro-Phosphate and you will soon see some astonishing results in the increase of nerve energy, strength, vigor, body and mind and power of endurance."

Being a nerve food that is readily assimilated by the most delicate stomach and not a dangerous drug or stimulant, Bipro-Phosphate commands itself to all sufferers from nervousness, thinness, weakness, etc., and moreover it can now be obtained from the Lee & Osgood Drug Co. and all good druggists in convenient 5-grain tablets at a cost so low as to be within the reach of everyone.

One of these tablets should be taken with each meal, and the results in many instances are little short of marvelous. Dull eyes become bright, sleep is restored to the sleepless, the nerves regain their strength, thin people put on flesh and the whole system becomes charged with that strength, vitality and energy which makes life so truly worth while.

As there are a great variety of so-called phosphates, be sure and get Bipro-Phosphate, the genuine, unadulterated organic substance described by the authorities above mentioned.

garded by medical specialists as of vital importance to people who suffer from ailments directly or indirectly due to depleted nervous vitality, such as neurasthenia, nervous weakness, thinness, premature old age, insomnia,
